NOTICE OF PROPOSED ACTION

Web Posting Date: 11/16/11

The Administrator, Division of Environmental Protection, Carson City, Nevada, is issuing the following notice of proposed action under the Nevada Revised Statutes. The Administrator has received a complete application for groundwater discharge permit NEV2001515 from the following applicant:

**Nevada Environmental Response Trust (Trust)
Le Petomane XXVII, Inc.,
Not Individually, But Solely as the
Designated Nevada Environmental Response Trust Trustee
35 East Wacker Drive, Suite 1550
Chicago, Illinois, 60611**

The Trust oversees the operation of a treatment system for remediation of groundwater impacted by past industrial activity, located at 8000 W. Lake Mead Parkway, Henderson, Clark County, Nevada 89015. The permit covers the operation and management of two double lined and leak detected holding ponds associated with the treatment system. The proposed permit does not allow direct discharge of contained fluids to the groundwater or surface waters of the State. Routine monitoring and inspection of the ponds are required to ensure no-discharge conditions. The Division has made the tentative determination to issue the permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding the issuance of either permit, or to request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than **5:00 P.M. on June 17, 2011** either in person or by mail to:

**Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Water Pollution Control
901 S. Stewart Street, Suite 4001
Carson City, Nevada 89701**

Comments and/or hearing requests received via facsimile or e-mail before **5:00 P.M. June 17, 2011** will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

The applications, proposed permits, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by contacting Janine Hartley, P.E., Bureau of Water Pollution Control at (775) 687-9458, or at jhartley@ndep.nv.gov.
